

Your Gift Helps Keep Our **Community** Healthy

The Rev. John N. Norton was considered by many to be a good Samaritan because of his strong values and devotion to the poor. More than a century later, his giving spirit lives on in the more than 18,000 members of the Norton Healthcare family, and you are an extension of that family.

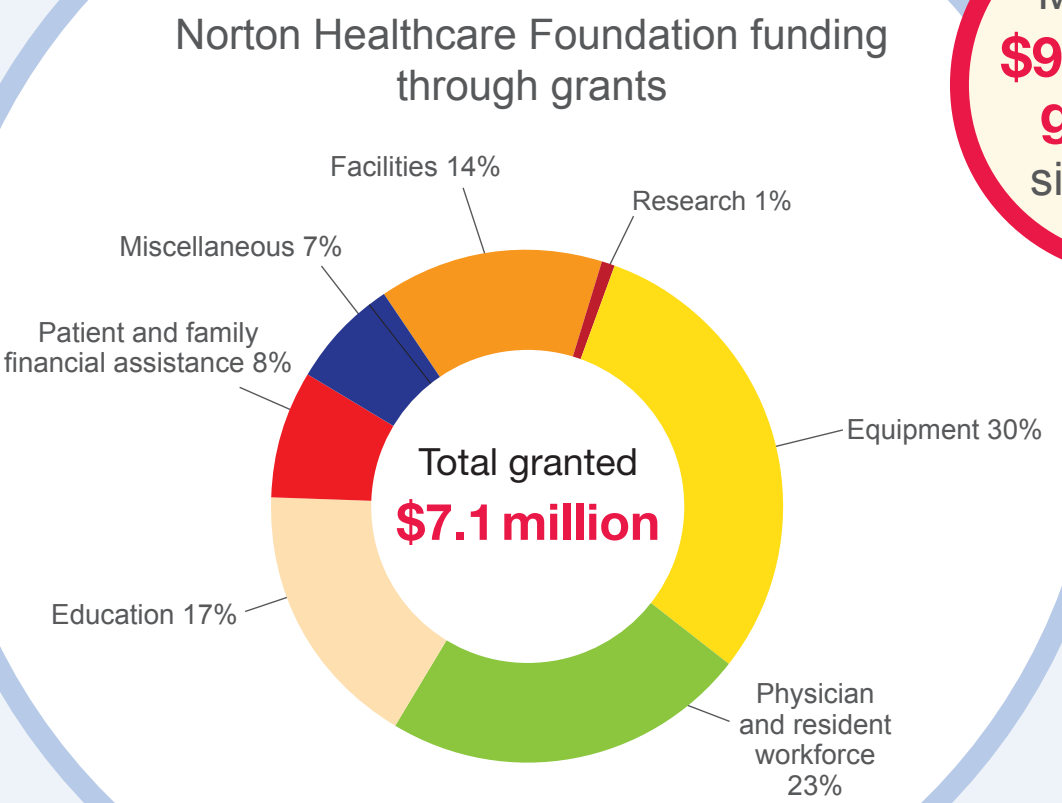

Norton Healthcare ensures quality care close to home for the tiniest premature infants to our communities' elders and everyone in between, whether it's routine or highly complex, general or specialty, elective or in response to life-threatening emergencies. In this report, you will find some of the ways you have had an impact on care for patients and families over the past year.

As philanthropic arms of Norton Children's and Norton Healthcare, the Norton Children's Hospital Foundation and Norton Healthcare Foundation fund programs, equipment, facilities, research and education for patients and families receiving care at Norton Audubon Hospital, Norton Brownsboro Hospital, Norton Children's Hospital, Norton Hospital, Norton Women's & Children's Hospital, Norton Cancer Institute, Norton Heart & Vascular Institute, Norton Neuroscience Institute, Norton Women's Care and other pediatric and adult health programs.

2022 highlights

Funding projects that help the whole person

As a not-for-profit organization, our greatest reward is the health of our community. Your gift helps fund health services and programs that support the body, mind and spirit so no one has to go far from home to get comprehensive care that helps them heal.

The Norton Healthcare Foundation helped fund these services and programs:

FACILITIES AND TECHNOLOGY

- Norton Cancer Institute Legacy Lab
